Gilad Cohen

Product Designer | UX/UI & Digital Products

Ramat Gan, Israel | 052-3866456 | Portfolio: gilad.design | Linkedin | gili.syk@gmail.com

Professional Profile

Product Designer with 12+ years of overall design experience and 4+ years of hands-on UX/UI and product design experience. Experienced in user flows, dashboards, interface design, design systems, and 0-to-1 product development. Combines product thinking with strong visual design and brand expertise.

Professional Experience

Independent Product & Digital Designer | 2025-Present

Designs UX/UI for digital products, including marketplaces, dashboards, and CRM platforms, from concept to execution.

- AntSeed: designed product UX/UI, visual identity, website, and motion assets for a peer-to-peer AI inference marketplace.
- Telebiz: designed product UX/UI, user flows, brand identity, and a design system aligned with Telegram interface conventions.
- YieldShield (2021): designed product UI, dashboard screens, user flows. Built the marketing website in Webflow.
- MinerFun: designed the product UX/UI and brand identity from concept to launch.
- Dgenfren: designed a leaderboard interface and landing page, and contributed to frontend implementation with Claude Code.

UX/UI Designer | Nifty Technologies Ltd. | 2022–2025

Designed UX/UI for Web3 products including NFTrade and Centive.

- Led NFTrade's rebrand and redesign, an NFT marketplace, improving its core UX/UI and overall product experience.
- Designed Centive from 0→1, shaping product structure, UX, UI, and visual identity.
- Built design systems across products, including reusable components and guidelines for typography, color, spacing, and layout.
- Collaborated with product and engineering throughout design and delivery.

Graphic Designer | Climax Studio Ltd. | 2019–2022

- Developed creative concepts and visual directions for Tempo, Carmel Winery, and other consumer brands.
- Led branding, campaigns, digital, social, presentations, and print projects from concept through execution
- Worked directly with clients from brief to creative direction and execution

Independent Graphic & Digital Designer | 2014–2019

Created brand identities, websites, marketing assets, packaging, and motion for businesses and startups.
